

## Presentation

Your partner to succeed in selling your medical devices in Europe, a market of &hellip;potential customers

The director, Françoise Schlemmer, put her experience and her network to your disposal for your greatest success. She has university degree in biochemistry and Management diploma from ICHEC.

She entered the medical devices sector during four years working with 2 Manufacturers at the level of production, purchase and export sales.

Simultaneously, she became involved in the board of management of professional trade association.

She worked at the setting up of a Notified Body in Belgium, France, Luxembourg and the Netherlands. She became an IRCA lead auditor for ISO 9001, ISO 13485 and the 93/42/EEC directive.

With Quasys, she is founding a consulting company to help the medical devices manufacturers to obtain the CE marking (quality system, technical file, authorized representative). She also realizes conferences.
